

August 15, 2018

Greetings Members,

Summer is quickly coming to an end and the CNE is fast approaching.

The IATSE Union Local 58 (International Alliance of Theatrical Stage Employees) representing skilled workers who provide technical and staging expertise for events in Exhibition Place venues including BMO Field and the Enercare Centre, have been locked out as of July 20, 2018.

IATSE is fighting contracting out and they are hoping for our support!

Please submit the electronic petition by following the link below:

https://actionnetwork.org/petitions/john-tory-save-the-cne?source=direct_link&

Given the information above we draw your attention to the **potential change** to the “Labour Day Parade” (more information/route change will follow under separate email).

We ask that you show your support by not crossing the picket line, and make some time for them on their picket line to show solidarity.

In Solidarity,

John Weather

President

Toronto Education Workers/Local4400
